

Year 11 Term 2 (Nov-Dec)

Please look carefully at the areas below and RAG rate yourself *honestly* for how well you think you can do each of them (R = not at all, Y = some idea but not very confident, G = fine).

This list is an overview of the essential elements that we will have covered in Term 1. Of course, there are many other elements/ bits of grammar that you already know (e.g: comparisons, how to say 'it', more complex tenses etc.)

You do also have detailed RAG booklets that show you the different skills/ grammar in depth, as well as what grade they relate to, so it's a good idea to look over this as well.
